

Dear Parents,

It was wonderful to see many of you at the Parent Breakfast last week. We had a terrific turnout! I understand that timing and distance can make weekday events especially challenging, and we want to be as inclusive as possible for all our community members. Our future Partners in Education (PIE) meetings will be on zoom so that more can participate. The focus of yesterday's PIE meeting was community and partnership. We spent the majority of the meeting brainstorming how to involve our families in supporting community events.

With that in mind, we are looking for some parent volunteers for a few specific initiatives. Please fill out [THIS SURVEY](#) if you are interested in volunteering in any of these capacities:

- The **Halloween Committee** will support our student council to provide fun community activities around the holiday and, perhaps, plan an activity independent of the student council.
- The **Fundraising Committee** will be looking for creative ways to raise money for PIE to run future events.
- The **Community Service Committee** will be looking for grade level and school wide service initiatives for our students.
- The **Executive Committee** on PIE is made up of LPS administrators and 5 parent representatives (2 from the middle school, 2 from the high school, and 1 from either group). This committee runs PIE meetings every other month and works to ensure good communication and partnership between the school and the parent community. It also oversees all other PIE committees. If you self-nominate for this, more information will be sent to you about the election process.

As always, we are deeply appreciative of your support of our school. I encourage you to take the survey and join a committee. Have a great week!

Sincerely,

Kurt
