

Hi everyone - I hope this email finds you and your families all well as we gear up for 9th grade. As a reminder, my name is Susan McConathy (Zane's mother) and I'm the 9th grade parent representative for the LPS Partners in Education (PIE) organization.

As I wrote in my previous email, we're trying to organize a 9th Grade Day of Service at Cradles to Crayons located in Newtonville. Unfortunately, the original dates I posted are no longer available. So, I've taken the liberty to reserve Saturday, October 16th.

This is an optional event ... However it's a great way for our children to give back to their community, get to know each other outside of school, and also provide an opportunity for parents to meet.

Details below ... more information to follow as we get closer to the date:

Date: Saturday, October 16, 2021

Time: 10:00 - 12:00 PM (volunteering) 12-1:30 PM (lunch)

Volunteering Location: Cradles to Crayons Giving Factory, 281 Newtonville Avenue, Newtonville, MA 02460

Lunch Location: TBD - local pizza restaurant near-by

If you're interested in helping with the planning, please reach out to me directly - the more the merrier! Also, for those of you who are new, there are many ways to get involved at LPS. The PIE meetings are open to all parents. I'd also be happy to have a conversation before school starts to answer any questions you may have.

Thank you,
Susan
