

Dear parents,

I am writing to introduce you to the newest members of the Learning Prep community.

I am pleased to welcome **Chandler Goodale** to our school. Chandler has his B.S. in Environmental, Earth, and Ocean Sciences from UMASS, Boston, and his Masters in Education and General Science from Cambridge College. Chandler is joining our science department in the high school having taught various science classes in the Boston Public School system the past three years. He has particular interests in environmental science, robotics, and LEGO<sup>®</sup>s!

Also joining our team is **Kelly Poe**. Kelly will be in our Speech and Language department for the next few months filling in for a maternity leave. Kelly has been practicing speech as a clinical fellow with students in Tennessee for the past 2 years. She received her B.S. in Speech and Language Pathology with a minor in Special Education from Miami University in Ohio and her Masters Degree in Speech Pathology from the University of Akron.

We are very excited to have Chandler and Kelly with us. They are both starting this week!

Sincerely,

*Kurt*
