Help us Empower those in Need.

Virginia always envisioned a life where her children would have better opportunities than she did. In 2001, Virginia and her husband made the sacrifice to leave their families and immigrate to the United States in hopes of turning that dream into reality.

Despite many successes and a long journey of resilience and determination, Virginia found herself worried for her children's well-being. Her husband became the sole provider for their family of five. With young children to raise, Virginia felt limited with how she could help cover the rising expenses.

How would Virginia and her husband ensure that they could put enough food on the table with only one source of income? Where would she go if they needed health insurance? (continued on back)

Every Contribution Counts.

Today, Virginia reflects on the difficulties she faced before finding The Glades Initiative. With our navigator's assistance, CHOICE food pantry, financial literacy/health workshops and other programs, Virginia and her family can count on SNAP, Medicaid, and other helpful tools to better navigate the challenges they faced.

Virginia couldn't be more thankful. Her children are doing well in school, they are healthy, and most importantly, they are receiving the services they need.

Give Today.

With the soaring prices for food and other basic necessities, now more than ever, clients such as Virginia depend on many of the resources offered by The Glades Initiative. Support our work in assisting thousands of our vulnerable children and families in the Glades with access to healthy food and healthcare coverage by donating today at www.gladesinitiative.org.

Sincerely,
