

Toddler CLASS[®] Observation Training

Participants will learn how development affects classroom interactions and the link between effective teacher-child interactions as it relates to learning. Training includes an overview of the CLASS measure and its uses, and will prepare you to assess teaching quality based on the CLASS system. At the conclusion of the training, participants will have access to online reliability testing. Upon successful completion of the CLASS reliability test, participants *may* achieve certification.

Registration

To register for this training, please complete this form by **August 15**:

go.unl.edu/toddler-class

When registering you will need the following information:

- First & Last Name
- Email Address
- Name & Email of Purchaser (*person/program paying your registration fee*)*

**An email will be sent directly from Teachstone to complete payment.*

No exceptions will be made after the deadline for late registrations.

No reimbursements after an individual is registered.
