

What is DI?

Students form teams of two to seven students. Teams solve open-ended Challenges and present their solutions at tournaments. Teams learn important life skills like time management, collaboration, conflict resolution, and creative and critical thinking.

When?

DI seasons run from August through May. Depending on the challenge, students should spend two to four months developing and practicing their Challenge solutions.

How?

Teams choose one of seven challenges. After weeks spent creating and developing their solutions, they go to a tournament. Top-scoring teams advance, and the top tier goes to our Global Finals tournament – the world’s largest celebration of creativity!

*DI demonstrates that learning can be FUN!

*DI identifies, celebrates and builds on a student’s strengths.

*DI provides authentic learning and authentic assessment.

Interested?

Please fill out the back of this form and return to your homeroom teachers by **Monday, October 8th.**
