

LIVING RECONCILIATION

HOPE. HERE. NOW.

ENGAGING THE POWERS: A PRINCIPLED APPROACH

We find ourselves at a pivotal moment, a Kairos moment, a moment of both crisis and opportunity. Our hearts cry out in agony, and our hands long for something to do. We know the time is now. But what? Where? With who? And perhaps most important of all, how?

At the Pilgrim Center we believe that we are called to proactively *Engage the Powers*, those systems and structures that exist in our communities and cultures. But how? We don't pretend to have all the answers yet we have been given our specific PCR principles that will help guide our engagement; *Humility, Hospitality, Synergy, Authority, and Integrity*.

We have invited a panel of individuals from various spheres of influence including education, the faith community, government, and law enforcement to share from their experiences how they are *Engaging the Powers* in a principled way. Through this interactive conversation we will all discover fresh ways to proactively engage the powers in our communities. We would love to have you join us for this important conversation at our next:
