Bicycle and pedestrian features

Repair the sound wall

# APRIL 27

## 5:30-7:00 PM

REGISTER FOR THE ZOOM MEETING:

[bit.ly/SouthwestBlvdProject](https://bit.ly/SouthwestBlvdProject)

Join us and learn about the proposed Southwest Boulevard Complete Streets project located in Rohnert Park on Southwest Boulevard between Commerce Boulevard and Adrian Drive. It includes road rehabilitation and lane reconfiguration, bicycle and pedestrian improvements including buffered lanes, street furniture, signage and enhanced lighting,. It will also include the replacement and repair of existing utilities and repair of the sound wall. The project looks to reduce greenhouse gas emissions and combat climate change by aggressively implementing multi-modal improvements to create a safe and reliable road network for all users.
