Tap into the 4th largest economy in the world
with California State contracting!

California state agencies purchase a vast range of goods and services, **everything from construction and fencing to marketing and pest control**, and they're always looking for more state certified suppliers to support our local economies.

This FREE, in-person workshop will walk you through the fundamentals of government contracting, connect you with CA State agencies, and feature real-world insights from local businesses that have successfully navigated the government procurement system.

Workshop Agenda

- Learn the basics and determine if government contracting is right for your business.
- Understand how to get certified and sell to the State of California.
- Meet with representatives from agencies from Sonoma Economic Development Collaborative, City of Santa Rosa, Cal OSBA, and more!
