

SONOMA COUNTY

• CALIFORNIA •

LIFE OPENS UP

As we begin to slowly open up our businesses for outdoor service and visitors, don't forget that you can add events and special offers to sonomacounty.com. There is no charge for either of these opportunities. And, the more we know about you, the better we are able to help promote you.

In-person and virtual events can be added to our [calendar of events](#) here <http://www.sonomacounty.com/add-event>.

[Special offers](#) with a discount or value-added component can be added through our partner portal here: <https://sonoma.extranet.simpleviewcrm.com/>.

If you have any questions or need access to our partner portal, please let me know. We are here to support you.

Thank you!
