

## *holiday* **SPECIAL**

**Have you tried a coworking space? Take advantage of our FREE DAY PASS or FREE WEEK to try us out.**

You can choose to work solo, alongside others, in a private office, meeting room, you name it, we can make it work for you.

Our space is not bustling with people like a train station. On the contrary, we are operating under COVID Health & Safety Protocols. Our capacity has been cut in half and workspaces are clean, safe, and distanced apart.
