

## **Eye Design Group donates 90,000 frames to VOSH/International**

*At Design Eyewear Group, we are proud to support VOSH/International in their mission to provide vision care to communities in need. VOSH operates globally, offering free eye health services to underserved populations through their extensive network of volunteer optometrists.*

*We have donated 90,000 frames to help VOSH chapters bring eyewear to individuals who would otherwise struggle to access it. These frames will be used in humanitarian clinics, ensuring that people in low-income and rural areas can receive the vision support they need.*

*VOSH's work spans 32 countries, focusing on sustainable eye care and optometry education. By partnering with them, we aim to help address the growing demand for accessible vision care in vulnerable communities.*

*We are grateful for the opportunity to contribute to this meaningful initiative and support VOSH in making a tangible difference in people's lives.*
