

## Grants for US-Canadian SVOSH chapters to support school or community clinics in Latin American and Caribbean countries

We have funding to support 7 of our USA and Canadian SVOSH chapters to help implement clinics either for schools or communities. Each successful SVOSH chapter will receive \$1,500.

Interested SVOSH chapters need to fulfil the following criteria:

- Had at least one previous clinic implemented in the chosen country.
- Commitment to use the VOSH/International data gathering form and to send the results after the clinic.
- Commitment to provide high quality pictures and feedback on the initiative to promote and report to the donor.
- Be open to establish collaboration with the relevant international chapter if they exist in the chosen country.
- The clinic should take place in 2020.

Please submit your application by completing this [form](#) by March 20<sup>th</sup>.
