Dr. Severo Sanchez Melgarejo
Director and Founder
Instituto de Educación Superior de Optometría y Ciencias
Eurohispano
Lima-Peru

Dear Dr. Sánchez,

Re: Congratulations on 29 years of service to Peruvian optometry

On the momentous celebration of the 29th anniversary of the Instituto de Educación Superior de Optometría y Ciencias Eurohispano, VOSH/International would like to send our heartfelt congratulations on this important milestone.

Over the past three decades, the Eurohispano Institute has transformed Peruvian optometry through its determination to regularly improve its academic program, matched with an unwavering commitment to humanitarian values. We are proud that the Eurohispano has been an affiliated optometry school with VOSH/International since 2005. Generations of optometrists have passed through its classrooms, obtaining clinical expertise and a profound sense of responsibility to serve those in need.

This anniversary is also a tribute to your vision and leadership as the founder. Your tireless humanitarian efforts have earned you international recognition, including the prestigious VOSH/International Humanitarian of the Year Award in 2021, honoring your work in bringing vision care to underserved communities in Peru. Your example has inspired other optometrists to reach rural and peri-urban areas, restoring sight, and changing patients’ lives.

We celebrate your institution's enduring commitment to educating to the highest standards, innovating, and serving.

Congratulations on this remarkable milestone. May the next years bring even greater achievements to the Eurohispano and Peruvian optometry.

With deepest respect and admiration,

Dr. Victoria Molnar Weiss, OD, FVAO, FVI
President
VOSH/International (Volunteer Optometric Services to Humanity)
