COVID-19 GUIDELINES

christcm.org

Revised August 12, 2020 / for the purposes of youth "play 2"

A NOTE FROM THE MINISTRY TEAM

Parents of Youth and Christ Community,

We love our youth and commit to connect youth to Jesus through meaningful digital and in-person faith experiences!

Since March, youth ministry has functioned in "play 1" for all digital connections. As we move into fall, we plan to move in to "play 2" for youth in 5th - 12th grade that includes both digital and limited in-person connections.

YOUTH MINISTRY

We look forward to connecting with our youth online and in-person.

COVID-19 REALITIES

Symptoms

- Cough

- Shortness of breath

- Fever

- Sore Throat

- Chills

- New loss of taste or smell

- Muscle pain

Stay home if...

- You have a temperature over 100.4 degrees.
- You feel sick or ill in any way.

If you are sick...

- Please notify Dana Peterson at mrs.peterson@christcm.org if you are sick and unable to attend. This is for your health and safety, as well as others in our community.
- If you are unable to attend for any other reason, please let Dana know as soon as possible so we are aware of your absence.

COVID-19

SAFEGUARDS

Outdoor events on and off campus will be less than 40 people.

Masks are asked to be worn when social distancing is not possible and when not participating in recreational activity.

Disinfection of all high and low touch surfaces will take place.

High five's, fist bumps, and hugs are discouraged.

Parents asked to assess health of youth prior to attending an event.

Online RSVPs will be available for every event to track and trace those in attendance.

Parents will complete a current Youth Information Form and Waiver prior to youth attendance.

These will be valid until December 31st, 2021.

COVID-19

RESPONSE PLAN

Immediate Action

- Isolate individual immediately. Parent will be contacted regarding next steps for youth to return home or be transported to a doctor or the ER if necessary.
- Alert Orange County Health Agency. Coordinate with OC Health Agency for further steps, like possible contact tracing.
- Communicate to any youth, staff, or volunteers who attended that event.
- Clean, disinfect, and close areas.
- Consider postponing gatherings to limit further spread in the community.

Process for Disinfecting

- Close off areas used by the person who is sick.
- Open outside doors and windows to increase air circulation in the area.
- Wait 24 hours before cleaning or disinfecting. If 24 hours is not feasible, wait as long as possible.
- Workers without close contact with the person who is sick can return to work immediately after disinfection. If more than 7 days since the person who is sick visited or used the facility, additional cleaning and disinfection is not necessary.
