APPRAISAL...FIGURING THE NUMBERS

July 21, 2022 9:30 am-12:30 pm Arrive Early

Real Estate Education. Simplified.

This Course will provide you with in depth, detailed information on the 'evaluation' of an Appraisal. The Agent will be presented with the Appraiser, Agency and Lender's requirements and guidelines to determine 'Fair Market Value'.

This process will help ensure that Residential Homes will be sold at 'Fair Market Value' protecting the interest of the Buyer, the Seller and the integrity of the Local Real Estate Market.

COURSE OBJECTIVES:

- An understanding of the 'Sales Comparison Approach' used in the Residential Real Estate Market
- To be able to grasp the concept and impact of the 'Matched Pair Analysis' in Appraisal Evaluation
- To be better able to 'Calculate Adjustments' from information provided in the Course
- To better understand the 'Subjectivity' in the Appraisal Evaluation Process
- To prepare the Agent to complete a more accurate 'Comparative Market Analysis'.

Richard Pruitt is a quality appraiser in Virginia and has been for many years. As a leading appraisal expert, Richard provides relevant instruction to help industry agents bring accuracy and knowledge to what they do.

"This was a great class and I really did learn more than I expected. Having this knowledge will be a great asset for my clients when pricing a listing."
