

Keeping our RASEM Members informed during these changing times is something we take seriously.

Dear RASEM Members:

These sector specific COVID-19 workplace safety standards for Office Spaces are issued to provide businesses and other organizations operating within general use office spaces and workers in these office spaces with instructions to help protect against the spread of COVID-19. Workers and contractors must continue to telework if feasible.

These standards are minimum requirements only and are not exclusive or exhaustive. The public health data and matrix for disease prevention upon which these guidelines are based can and does change frequently, and the operator of the office space is accountable for adhering to all local, state and federal requirements. The operator of the office space is also responsible for staying abreast of any updates to these requirements.
