Topic: **Dealer.RollRite.com** – New Welcome Email with Reset Password Link

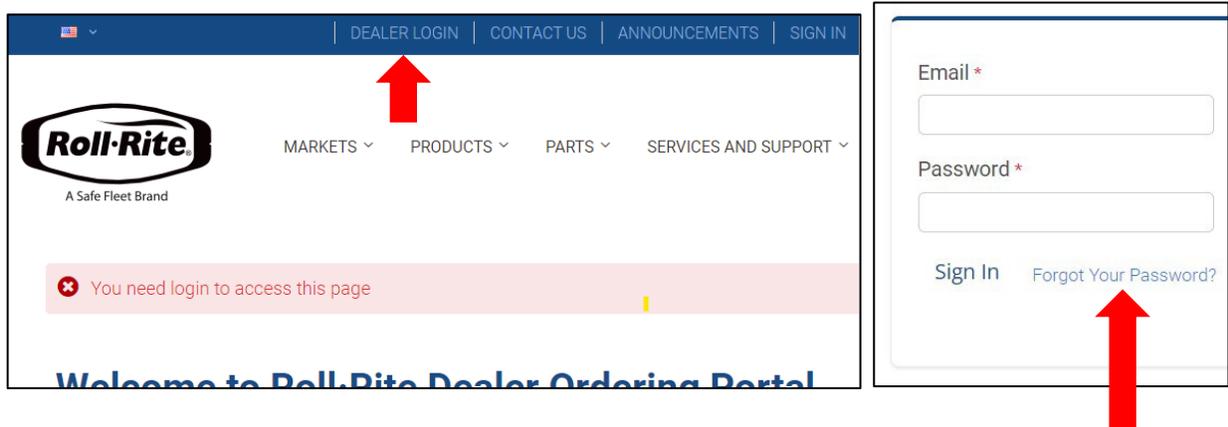

Reset Password Tips

Dear Valued Customer,

If you currently ordered online at rollrite.com, you will be receiving a new welcome email from **dealer.rollrite.com**.

Below are helpful tips to reset your password to access your account:

1. If you have not received your password reset email, please check your spam or junk folder.
2. Be sure you are using the email address you have on file with Roll·Rite.
3. The reset password link is only good for about an hour. If the link expires before you are able to access it, please
 - a. Go to <https://dealer.rollrite.com/customer/account/login/>
 - b. Click on new Dealer Login link as shown below.
 - c. Click on Forgot Your Password? Link below Password entry field.
4. If the password reset email does get delivered to your spam folder, please move the email out of the spam folder and into your inbox. Email providers often disable links that reside in the spam folder.
