

Multi-Use Space Strategies for Church Buildings Workshop: Making Sure Your Church Facilities Work For Your Future and Not Against It

A special one-day workshop on Wednesday, March 22 hosted by the Presbytery of Chicago New Worshipping Communities Committee of the Presbytery of Chicago

*Churches are not just for Sunday mornings.
Church buildings are for more than just worship.
That may sound radical, but it's not.*

*What if your local church opened its doors for...
Coworking space
Child Development / Preschool
Community gatherings
Local events and concerts
Other nonprofit organizations*

When we open up our idea of how the church can be used, we create new opportunities for relevance and impact in our communities.

Still unsure what that looks like?

Curious about how that applies to your church?

Join us for an exclusive event to unpack practical multi-use strategies.

Featuring guest speaker Frank Bealer

Chief Church Growth Officer & Co-Founder of the Phase Family Center, and other leaders from around the PC(USA)
