ABOUT THE TWO COURSES

Big Blue: This course has bent grass from tee to green and features numerous sand traps and water hazards over rolling terrain. Green complexes can be challenging due to the beautifully undulating features of the greens.

Wildcat: Although shorter in length than Big Blue, Wildcat features more of a parkland setting that rolls through trees and along creeks and ponds. This course also features beautiful bunkering and green complexes that require precision upon approach.

PAR 3'S: For Par 3 sponsors ONLY

Wildcat: 5, 8, 11, and 15

Big Blue: 3, 8, 12 and 17
