

NHS COMMUNITY FRIDGE

By December 1, 2023, the first ever **Druid Hills High School Community Refrigerator and Pantry** will be open for our students who are food insecure. Poverty affects our community at large and we have many students unable to get adequate nutrition.

This project aims to eventually bring together multiple clubs and service organizations to work as a team to provide for this cause. **As we aim to get this project off the ground, we need funds to purchase supplies** such as cooler bags, pantry storage, and refrigerated storage as well as pantry and grocery items. **Please consider donating to help us out!**

If you're interested in donating or volunteering, please contact us!
