Becoming a *Spotlight* Supporter: We Need You!

The Spotlight is a student-run newspaper serving Druid Hills High School and the surrounding community. Our hardworking student staff aims to produce four issues this year as we return for our third year relaunching the paper post-Covid, and we operate solely on the funds we raise. The paper is a costly enterprise, but an important piece of Druid Hills' culture and history. Every dollar helps keep our papers printing!

In the past year, we excelled past our previous goals producing five issues, attending the Georgis Scholastic Press Association fall conference and spring awards, where we won **Turnaround Publication of the Year**, **Top News Story**, and **Top Photo Essay** in the entire state of Georgia. We also received honorable mentions in news reporting and photography. None of these exceptional achievements would have been possible without the support and funding from our readers!

We rely entirely on ad sales and community sponsorship--and we give each issue of the paper to every student, free of cost. We would love your support!
