

## Bringing Montessori Home

We had a request during parent night for a list of ideas for carrying Montessori home. Here are a few of our favorites.

### Literacy

- 1) Make your own letter cards using found materials. (You can use a number variation of this as well :-)

- 2) Label things in your house with their initial letter. (Some children can do this independently while others will need “teamwork.”)

3) Play Alphabet Bingo - see the table outside Birch Room for a template :-)

## Math

1) Put number cards, tiles, or magnets in a bag. Randomly pull one and give a movement task.

For example: Jump 5 times.

5

\*For Olders, you can combine two numbers to make it an addition game!

2) Go on a shape hunt.

For example, look for circles. (Draw a picture of the shape if needed :-)
