

# TEXTS FROM FSA

Did you know you can receive text notifications from your county U.S. Department of Agriculture Farm Service Agency (USDA FSA) office? You can! These text messages inform producers of important program deadlines, reporting requirements, outreach events, and updates. Whether producers are in the field, on a tractor or even on horseback, this service will enable FSA customers and stakeholders to receive notifications while on the go. This is in addition to the free FSA GovDelivery email news. Producers can text your two letter state abbreviation and county

to FSANOW (372-669) to subscribe to text message alerts from your county. Standard text messaging rates apply. Contact your wireless carrier for details associated with your particular data plan. Participants may unsubscribe at any time. To receive GovDelivery email notifications, subscribe online at [www.fsa.usda.gov/subscribe](http://www.fsa.usda.gov/subscribe) or contact your local FSA office for subscription assistance. Producers can establish subscriber preferences by choosing to receive federal farm program information by topic, by state or by county.
