How to Participate at City Hall, from Council President

As President, it is my responsibility to make sure that we have a fair, civil and orderly debate, and to insure that members of the public respect the rules of decorum in Council Chambers. Civil discourse is a key pillar of our society and this discussion should reflect that understanding. Council Rules are clear on decorum and these rules will be followed. No demonstrations of agreement or disagreement- applause, signs, cheering or standing will be allowed in Council Chambers unless requested by the President. Only one speaker at a time will be allowed to approach the podium. All remarks shall be addressed to the Council as a body and no personal or impertinent comments may be directed at specific members.
