

Dear Principal Toon,

My name is Samantha Kline and I am the Community Library Manager for Wiseburn Library. Throughout these challenging times, LA County Library has continued to serve you and your students, and I am excited to share some of the many resources and services we have available to help your students achieve their academic goals. Our library buildings are open and operating with a strict capacity limit, and our staff are ready to welcome your students back for the 2021-2022 school year.

LA County Library is pleased to offer a variety of in-person and virtual services and programs for students and families.

- Students and families can place requests on materials to support their learning and pick them up at any LA County Library location. Wiseburn Library is open Tuesdays from 11 am – 8 pm and Wednesday – Saturdays from 10 am – 6 pm.
- Free online resources can be accessed from home with an LA County library card. Log on to Brainfuse for homework help with live tutors, Learning Express for test preparation assistance, and so many more databases and research tools through the LA County Library website.
- With OverDrive and Hoopla, students can check out and download free eBooks and audiobooks, which are automatically returned after 3 weeks so there are no late fees.
- LA County Library's YouTube channel offers fun and informative videos posted by our librarians and more live virtual programs can be found on our Virtual Programming webpage: LACountyLibrary.org/Virtual-Programming.

As Wiseburn Library is a popular location for many students and families after the school day ends, we would appreciate if you could share our current hours and services with your families. Please be aware that Wiseburn Library has a very limited capacity at this time, which will impact the number of students allowed in the library after school. Families may contact the library directly with any questions or concerns.

All LA County Library locations follow LA County Department of Public Health COVID-19 protocols. Please check with your local LA County Library location for current guidelines prior to your visit. We would love to speak with your students and staff about our library services and help them register for LA County library cards for students, children, and adults. If you are interested in learning more or have any questions, please contact me. More information on programs and services can also be found online at LACountyLibrary.org or by following @LACountyLibrary on social media.

I can be reached by phone at 310-643-8880 or email at SKline@library.lacounty.gov. Thank you for your time. I look forward to hearing from you.

Best,

Samantha Kline
