

### **Lighting improvements for Royal Borough schools**

This summer, we are replacing classroom and corridor lighting in schools across the Royal Borough of Windsor & Maidenhead.

Energy-efficient lights will replace the old, inefficient, lighting at the following schools:

- Alexander First School
- Boyn Hill School
- Braywood School
- Churchmead School
- Courthouse School
- Furze Platt School
- Holy Trinity Sunningdale School
- Kings Court School
- Oakfield School
- St Edwards First School
- Waltham St Lawrence School
- Wessex School

Maidenhead Library, and our council offices at Tinkers Lane, Windsor, will also have energy-efficient lighting installed.

This work is funded by the [Public Sector Decarbonisation Scheme](#).
