Disney Overnight, End-of-Year Field Trip!

We are planning a trip focused on leadership, innovation, and design in May of 2026. This trip will include all Upper School grade levels (9 -12).

We will fly to Orlando, Florida to visit innovative organizations in the area including an exclusive tour of Disney's Epcot. Students will also get to spend 2 days in the Disney parks!

Dates are May 18 - 20 with the potential to depart on Sunday, May 17 or return on May 21. In order to firm up our plans, we need to have a very accurate number of participants. The only costs involved for students will be some meals, particularly those in the parks.

Please discuss this opportunity at home and confirm your student's participation using the link tinyurl.com/sagoestodisney or the QR code above by November 14.
