### College Counseling Corner

March was a great month in college counseling. Students took part in our College March Madness bracket activity, a fun way to research and compare schools. We also welcomed the University of North Carolina at Greensboro to campus for a firsthand look at admissions and campus life.

April is shaping up to be just as busy. We're hosting a College Panel Night for students and families, a College Fair featuring regional admissions counselors, and a visit from a United States Coast Guard representative to discuss service academy and career pathways.

For our seniors, the big moment has arrived. Most have received all of their admissions decisions and are making their final college commitments. Watching them reach this milestone after all their hard work is truly one of the best parts of this job.
