Angela Kononiuk is 19 years old. She enjoys cooking, traveling and exploring. She is kind, generous and very modest. Angela would really like to become a part of the Youth Exchange Program because she thinks it is important to share our differences with one another. She hopes to make lifelong friendships with new people. Angela plans to open her own Kindergarten one day and dedicate her free time to help mentor orphans, like herself.

Lena Tsarenko is 20 years old. Her hobbies are creating arts and crafts. She also enjoys playing soccer and volleyball. She likes to volunteer with a National Day of Prayer for Orphans event in Ukraine and also in youth ministry at Father's House. Her unique trait is generosity. She likes to give more than receive and use every chance she gets to fulfill the needs of others. Her desire is to find new friends and hopefully, this experience will become life changing for her. Lena's main goal is to serve like Jesus did.
