

Finding Common Ground and Remembering Our Immigrant Heritage

Join us Saturday, October 24, at Southminster Presbyterian in Waukesha from 1-4 for a workshop lead by Rev. Dr. Dan Gonzalez Ortega and Sr. Stephanie Mitchell where we'll explore the experience and meaning of migration in the United States, share our personal or family stories in small groups, and create prayers, blessings, or songs for our congregations. This is an invitation to listen to one another and nurture a faith expressed through hospitality and solidarity!

Following the workshop, we will share in worship with a celebration of Lord's Supper and a litany of thanks for the ministers in our presbytery that have made transitions in the past year. We will also be honoring Rev. Margaret Towner on the 70th year of her ordination!

To prepare: What story can you share about how you or your family came to the United States? Think of an anecdote, a memory, or a tradition—even a favorite family dish—that keeps you connected to your roots.
