

What do you do with an idea?

You *change* the world!

“One day I had an idea. At first, I didn’t think much of it. I acted like it didn’t belong to me. But it followed me. I worried what others would think. I kept it to myself. But there was something magical about my idea. I felt better and happier when it was around. It wanted a lot of attention. My idea grew and grew. And so did my love for it. It made me feel more alive, like I could do anything. It encouraged me to think big...and then, to think bigger. It shared its secrets with me. It said, ‘*It is good to have the ability to see things differently.*’ Then, one day, something amazing happened. It went from being here to being everywhere. It wasn’t just a part of me anymore...it was a now a part of everything.

And then, I realized what you do with an idea....

YOU *change* the world!”
