

The Disaster Preparedness and Response Task Force (DPRTF) formed with five members of presbytery to provide the presbytery with planning and coordination in preparation for and response to natural or human-caused disasters within the bounds of Milwaukee Presbytery, and response to such disasters outside of the presbytery.

To meet this purpose, churches were divided into five regions, and a process of assessment started. Knowing existing preparations and resources in the presbytery and individual churches helps in planning for future needs, resources, and training. This will facilitate recovery of our churches and communities should a disaster occur. Below are the individual contact names on the task force and the five church regions:
