

## Petition to Mayor Brian Bowman and City Councillors of Winnipeg

**Whereas, the City of Winnipeg is considering cuts to local arenas and recreation centres, and pools including \_\_\_\_\_.**

Our public arenas, recreation centres, and pools are a vital part of our community. Our public arenas, recreation centres, and pools are important gathering places for families and children, and are valuable to the health and wellbeing of our community.

Therefore;

- **I oppose the closure of our community's public arenas, recreation centres, or public pools;**
- I oppose any reduction of hours in our arenas, recreation centres, leisure guide programs, and public pools;
- I would like my City to support our public recreation facilities, including ensuring that all maintenance is kept up to date.
