

Unit 120 Membership:

I am pleased to announce that we now have an exciting new website for our bridge unit.

For many years George Marcy ably managed our website but decided it was time to turn it over to someone new. On behalf of the Unit I would like to thank George for his dedication and years of service as website administrator.

Bill Burns has agreed to be our new website administrator and worked hard to create the new look.

You will find the new site has a wealth of information useful to you. You can access the website at: unit120.org

The site includes information on the Unit and clubs including:

- dates
- times
- contact numbers
- local results
- notice of canceled games
- upcoming local events
- news about our members
- a memorial page
- links to the ACBL calendar and results
- upcoming District 4 events
- links to bridge articles and news
- Sectional, Regional, and National events and results
- AND more

I hope you will take the time to explore the new website. Please contact Bill Burns via the [website comment section](#) with any questions or insights you may have.

Bill Orth
President
