

Wands for Wildlife

Recycle & Save Wild Lives!

A wildlife rehabilitation nonprofit in Western North Carolina, recycles old mascara wands to help remove fly eggs and larva from the fur of animals. They work great because the bristles are so close together and gentle to use on the injured and orphaned wild animals receiving care.

*By gathering old mascara
wands and donations, you
help to save wild lives!*

**Check the website for a form to send with
the wands and more information.**
