Bricks4Kidz LEGO® After School: Super Hero Science

Dust off those capes, little scientists! During this cool new session we will pull the science concepts from our favorite super hero stories. Each week, we will learn the real science behind the cool powers and gadgets of our favorite heroes and build an awesome LEGO model to go with it! Bricks4Kidz is a STEM-based program that teaches science and technology concepts using LEGO® bricks. The Places You'll Go with LEGO® with Club SciKidz

We always have places to go and with this new LEGO® WeDo class, we have lots of options on how to get there! If you have a need for speed, the dragster build is for you. More of a "by sea" person? Enjoy building and programing a boat. Looking to take to the air? Create an airplane and a helicopter. Enjoy tweaking the design and making it your very own creation.

Animation using Minecraft with C3 Cyber Club

Come learn how characters move and look alive in movies and video games! Enjoy an intro in basic 2D and 3D animation techniques using Minecraft characters and stages. Expand your perception, observation, and timing skills while exercising your imagination and storytelling by studying motion in reality; then applying it to animation. Learn how animators work by completing a variety of short animation exercises and projects.
