Chess Wizards After School

Want to learn chess in a fun, engaging and interactive way? Curriculum is designed by teachers and comedians to impart many benefits – critical thinking, sportsmanship and learning from our mistakes in a challenging and exciting way. In addition to lessons and traditional gameplay, variations of chess games are incorporated to build teamwork and improve logic, planning, discipline, judgment and self-control. All skill levels welcome and are grouped accordingly for lessons and game-play.

Elf Jr! Drama After School by CCTA

Join Buddy, a young orphan, who mistakenly crawls into Santa's bag of gifts and is transported to the North Pole. The would-be elf is raised, unaware that he is actually a human until his enormous size and poor toy-making abilities case him to face the truth. With Santa's permission, Buddy embarks on a journey to NYC to find his birth father and discover his true identity. Join us as we take on this comedic misadventure! Students, learn the fundamentals of musical theater including choreography, character development and stage direction. The program culminates with a full stage production complete with theatrical sets, lighting, costumes and sound! At the final class, a 7pm performance for friends and family ends the season. Students, eat a snack while supervised between school dismissal and when class begins.

Science & Technology

Bricks4Kidz LEGO®

After School: Super Hero Science

Dust off those capes, little scientists! During this cool new session we will pull the science concepts from our favorite super hero stories. Each week, we will learn the real science behind the cool powers and gadgets of our favorite heroes and build an awesome LEGO model to go with it! Bricks4Kidz is a STEM-based program that teaches science and technology concepts using LEGO® bricks. Info: www.brick4kidz.com/ellcottcity-md or Scott Corning, 410-313-4622 or scorning@howardcountymd.gov.
