The most significant site of the Holocaust, Auschwitz, was not a single entity, but a complex of 48 concentration and extermination camps, at which 1 million Jews – and tens of thousands of others – were murdered.

This groundbreaking exhibition brings together more than 700 original objects and 400 photographs from over 20 institutions and museums around the world. “Auschwitz. Not long ago. Not far away.” is the most comprehensive exhibition dedicated to the history of Auschwitz and its role in the Holocaust ever presented in North America, and an unparalleled opportunity to confront the singular face of human evil – one that arose not long ago and not far away.

\*Trips have priority registration for CAI members through July 15.
