

Attention GCS Preschool Parents:

Bringing Food to Share this month?

Remember: NO NUTS!

November 2016

We are a **NUT-SENSITIVE** campus with several children dealing with **SEVERE** nut allergies. Please be considerate. We encourage our families to make homemade items to share for Thanksgiving Feasts and Christmas Parties.

When purchasing pre-packaged foods, please read labels.

Teachers will be looking at labels as foods are brought into classrooms. We cannot accept foods that have been processed with nuts or nut products.

We appreciate your cooperation in keeping our campus a safe place for children with food allergies!
