

In an endeavor to support our pastors on their journey toward wholeness while pastoring to this fractured world, the Executive Committee of the Regional Commission on Ministry is doing a new thing!

We all need a pastor! In our region we have over 200 pastors who have and continue to live out their call to pastoring God's people. As we review the request for standing forms each year, we recognize the voices of these servants who are pastoring amid challenging situations. These include physical, mental, spiritual, family and locations of call.

Our pastors need a pastor. So, we are developing a program, a Care Unit, for pastors to check in with other pastors on a regular ongoing basis.

The Care Unit structure is still developing. Dear pastors, as we wait, please remember that you are beloved children of God and that your Commission on Ministry cares about you. You are not alone. We are all in this call together.

Good news is coming!

On behalf of the Executive Unit,
Dennis McKee and Liz Woodward
