KEEP YOUR CAMPUS CLEAN

With our line of hard surface cleaning systems you can keep your campus looking its best!

We have a machine that will fit your needs.

THE BEST SOLUTION

Our products are designed to clean hard surfaces with built in recovery leaving the surface dry and ready in minutes.

- ✓ Aids in EPA Compliance
- ✓ No Waste Water Runoff
- ✓ Chemical Free

> Our no vacuum design means less maintenance and lower annual fuel cost; resulting in a faster return on investment

Single-Pass Cleaning

Single-pass ccleaning to remove ground in dirt, heavy build up and surface stains without damage to the surface

Powerful Cleaning Head

Powerful and consistent Cyclone head delivers efficient, even cleaning.

Compact Size

Large enough to clean sizable areas, small enough to fit in parking garages and other hard to reach areas.

Variety of Applications

Our products are designed to clean hard surfaces such as concrete, asphalt, cobblestone, athletic tracks and more.
