Help shape Northfield’s future: take the community survey

Northfield residents are invited to take a short survey to help shape the city's priorities for the 2025–2028 strategic plan. This survey is an opportunity to provide input on key services and community needs, ensuring the plan reflects residents' priorities and guides decision-making over the next three years.

Survey responses, along with insights from focus groups, will directly inform the city’s next three-year strategic plan. This plan will build on Northfield’s recently updated comprehensive plan, which guides growth and development over the next 20 years. By focusing on the most pressing issues, the strategic plan will provide a clear roadmap for aligning efforts across the community.

Every voice matters—take the survey today and help guide Northfield’s future!

Survey is available in English and Spanish.
