Online Safety Resources for Parents

 To check a video game, movie, app or social media platform for safety, visit Common Sense Media.
www.commonsensemedia.org

 To get your technology questions answered (free 20 min sessions), sign up for the Tech Wizard.
www.resettoolbox.com/reset-partner-trainings/the-tech-wizard/

 To keep your child safe online, take the cyber safety course "The Family Tech Reset" for parents.
www.resettoolbox.com/reset-partner-trainings/center-for-online-safety/

 To get step-by-step instructions for setting up parental controls on your child's devices, visit this site.

Conversation starters

1. What is your favorite game or app?
2. Will you show me one thing you like about your game or app? (or give me a tour)
3. How has technology helped you stay connected during COVID-19?

The Center for Online Safety helps parents set healthy limits on screen time, even if they aren't experts in technology.
