- 7th–8th Grade Boys Soccer(Need 8 more)
- 5th–8th Grade Boys Volleyball

Please note that I do **not control the number of students who sign up**. If more students express interest, we will revisit these teams and try to get them up and running.

Coaches Still Needed

We are still looking for coaches for the following teams:

- 7th–8th Grade Boys Soccer!
- 5th–8th Grade Boys Volleyball

If you or someone you know is interested in coaching, please contact me directly. These teams cannot move forward unless we secure coaches.

A Note on Patience & Communication

As we begin the school year, I truly appreciate your **patience and understanding**. Our teachers and staff are juggling many responsibilities, and we're working hard to make athletics a great experience for everyone.

If you have any **questions or concerns**, I ask that you please **reach out to me directly** rather than relying on word-of-mouth from other parents. I am your main point of contact and want to ensure that you get accurate, timely information.

I will continue to send out updates, especially as I receive more information from **CPS SCORE** regarding game schedules and other logistics.

Thank you for your continued support!
