

CHANGING LIVES IN OUR COMMUNITY

"My daughter had serious anxiety, she could hardly go to school. Now she is happy and goes to school easily thanks to Brain Balance." - **Amy**

"My daughter was diagnosed with dyslexia, school was so hard for her. Now she doesn't struggle at school and her grades have gone way up." - **Chad**

"My son was irrational, erratic and defiant, now he can control his emotions. Brain Balance changed his life." - **Alyssa**

You See the Struggles, WE UNDERSTAND THE CAUSE.

Rather than label your child, our program will uncover **WHY** they struggle and what we can do to change it. Their challenges are caused by areas of the brain developing at different speeds. This causes a breakdown in communication which is why you may teach your child the same things over and over and it doesn't seem to stick. It also explains your child's imbalance of skills - why they excel in some areas and struggle in others. Our short-term, holistic approach strengthens the weaker areas of the brain and builds connections to create lasting changes which enables your child to reach their potential.

SIGNS OF Left Brain & Right Brain WEAKNESSES

- Poor Math Skills
- Poor Verbal Skills
- Poor Spelling Skills
- Poor Reading Skills
- Fine Motor Problems
- Poor Letter Recognition
- Poor Auditory Processing
- Weak Immune Response
- Poor Memory for Details
- Misses Small Details
- Poor Self Esteem
- Poor Motivation
- Task Avoidance
- Awkward/Clumsy
- Hyperactive/Anxious
- Poor Non-Verbal Skills
- Impulsive/Lacks Focus
- Lacks Emotional Control
- Poor Reading Comprehension
- Obsessive/Repetitive Behaviors
- Immature Social Behavior
- Allergies/Autoimmunity
- Lacks Interest in Sports
- Misses the Big Picture
- Poor Eye Contact
- Space Invader

***Your child may have many of these or just a few.
Some children have weaknesses on both sides.**

The Luecking Children

WHEN SHOULD I START?

The longer we wait hoping that our children will simply "grow out of it," the more they will fall behind. NOW is the time to discover the cause of your child's challenges and to uncover their true potential. Call us today to learn more!

OUR BRAIN BALANCE JOURNEY

Six years ago, our son Jack (age 11) attended the Brain Balance program and we saw dramatic changes.

Previously, we were extremely discouraged after years of spending time, money and effort on private tutors, social skills courses, intensive behavioral therapy, medication and more while seeing only minimal changes in our child.

My mother told me about a new, revolutionary, drug-free program that had helped 1000's of children like Jack. In 4 months, we saw more progress, improvements and changes than we had seen in the previous years combined. Brain Balance has changed our family forever. I left my career to help other families find Brain Balance first and save themselves the pain, struggles, heartache, financial burden and family stress that we experienced.
