My AP On College Board

All account problems MUST be addressed before exam day.

All AP exams are taken in the student's College Board account so it is critical that students can easily access this account. Students should sign in to My AP with their College Board login information. If students have trouble remembering their account information they can follow on-screen instructions to try retrieving their information. Problems with student accounts can only be answered by The College Board (AP Services for Students, 888-225-5427). The College Board will not speak with the AP Coordinator about personal information.

Testing Accommodations

Please review your College Board AP account to see if accommodations will be incorporated into your AP exams.

If the accommodations do not match your current situation, please contact your Counselor to start the process to adjust the accommodations appropriately.

The College Board MUST approve students to receive or change accommodations. If you have a documented disability, you may be able to receive an exam accommodation. Speak with your counselor if you have questions.

If you already receive accommodations from your school or have an Individualized Education Program (IEP) or a 504 Plan, you will also likely qualify.

College Board Services for Students with Disabilities contact by phone at 844-255-7728 or email at ssd@info.collegeboard.org.

If you test using accommodations that haven't been approved by College Board in advance, your scores will be canceled.

Deadline for new accommodations is January 16, 2026.

Exam Schedules

Mark your exams on your calendar now to avoid potential scheduling conflicts.

Multiple Exams Same Day

Students enrolled in two AP courses where the AP exams are scheduled for the same date and time should register for BOTH AP exams. One exam will be taken at the regular scheduled AP testing date/time, and the other will be taken during the late testing window as dictated by The College Board at no additional fee.

The AP Coordinator will make changes to the College Board and Total Registration. The student does not need to contact the AP Coordinator; however, closer to the beginning of exams, students should review their College Board and Total Registration accounts to see when the exam has been scheduled.

Two exams in a day: You will take the exams on the primary testing date as scheduled, per College Board policy.

Alternate Test Dates (Extenuating Circumstances)

Occasionally, circumstances make it necessary for students to test late. All requests, with the exception of Student Illness, MUST be submitted by March 7, 2026.

Student Illness

Parents/guardians must contact the AP Coordinators before/on the exam day.

Please include the student's name, grade, and exam they are missing and indicate that the student will not be present due to illness.

If your child will recover in time to test during the "Alternate Exams" schedule posted by The College Board, you must also request to take an "Alternate Exam" in the email. An "Alternate Exam" can only be ordered if we have a note on the physician's /hospital's letterhead stating the child's name, the name/date of the missed AP exam, and a statement from the Physician that the child has not been cleared to sit for their AP exam on the specified date.

Once this document has been received by the AP Coordinator, an AP exam will be ordered, and you will be contacted by email to confirm the date/time of the exam.

If the student no longer wishes to sit for the exam, please follow the Cancellation instructions above, or you will be considered a no-show.

State Athletic or Academic Contest/Event

The coach must email the request to test during the late testing window to the AP Coordinator. The request MUST be submitted BEFORE the State Athletic Event. The request MUST include the name of the State Athletic Event, the student's name, and the date of the AP Exam. These Requests MUST be submitted by March 7, 2026.

State of NJ School Year Observances The parent/Guardian must email the request to test during the late testing window to the AP Coordinator. The request MUST be submitted BEFORE the Observance. The request must include the name of the holiday, student name, name and date of the AP Exam. These Requests MUST be submitted by March 7, 2026.

Payment Information

Students MUST register on Total Registration AND the College Board.

This is a two-step process, and both steps MUST be completed to access the AP Classroom resources, order AP Exams, and pay for exams. The entire process can be completed in a single sitting in approximately 10 minutes.

College Board

Complete the confirmation on the College Board's My AP site (<http://myap.collegeboard.org>) for each AP course.

Total Registration

Complete the registration and payment on the Total Registration site: <https://user.totalregistration.net/AP/310753>. If you have taken AP exams in previous years, you should use your existing Total Registration account.

If you do not complete this step, no exam will be ordered. Also, *no refund is issued if a student fails to cancel the exam in Total Registration.*

Payment Timeline

- **Nov 13, 2024:** Partial Refunds begin
- **March 6 2025:** Last Day for Late Registration and Partial Refunds

Fee Waiver

You must apply each school year if you believe you qualify for a fee waiver. If you have not applied for the 2024 – 2025 school year, please go to the [BRRSD website](#), scroll down to the Free/Reduced Lunch Program, and follow the application instructions.

Cancellation/Refund

Students wishing to cancel an exam must go to their Total Registration account and request to cancel their exam before the test date. This is the only way to receive a refund. The College Board has set a refund fee of \$40 per exam.

No Show Fee

Students who do not sit for an exam and do not request a cancellation through Total Registration (*see above cancellation policy*) before the exam will forfeit their entire refund, **no exceptions**.

Getting Ready

It is never too early to start getting things in order for your tests.
Please take a moment to review the information below.

Identification Requirements

On Exam day you will be required to produce either a photo school ID or a government issued id. Please check now that your College Board Account name matches that on your planned identification.

Bluebook

Please take the time to see that the College Board Bluebook App is downloaded to the device you will be using during your AP exams. Sign-in and familiarize yourself with the App so that you are comfortable with how to use it on test day.

Calculators

Calculators are permitted on the following AP exams:

- | | |
|-------------------------|--------------------------------------|
| • Biology | • Physics 1 |
| • Calculus AB | • Physics 2 |
| • Calculus BC | • Physics C: Mechanics |
| • Chemistry A | • Physics C: Electricity & Magnetism |
| • Environmental Science | • Precalculus |
| • Macroeconomics | • Statistics |
| • Microeconomics | |

Calculators are not allowed for any other AP Exams unless a student has an approved accommodation for use of a 4-function calculator.

Only certain types and brands of calculators are allowed. Please review the list of permitted calculators at the College Board. You can bring up to 2 permitted calculators to the exam.

The proctor will check all calculators before the exam starts.

College Board AP Changes for 2026

Reference Information

For digital and hybrid exams that have relevant reference information, such as equation sheets and reference tables, the reference information will be printed by College Board and included with testing materials, in addition to being available in Bluebook.

Desmos Calculator Updates

All 2026 AP Exams that allow or require the use of calculators—including AP Statistics—will now have the appropriate built-in Desmos calculator in Bluebook. Depending on the exam, this may include graphing, scientific, and/or 4-function (basic). These Desmos updates will also be available in AP Classroom.
