Daniel Hemberger
Principal

Bridgewater-Raritan High School proudly offers a Career Concentration Program to provide students with focused academic and professional learning experiences. Within their high school academic coursework, participating students must complete specialized credits and engage in 10 hours of career exposure throughout their high school career within one of five concentration areas:

- Art
- Music
- Business
- Computer Science
- Engineering and Robotics

To ensure we provide a robust program, we're looking for collaborations with industry-connected professionals from the BRHS community. ***We Need Your Support!***

Why Participate?

- Inspire the next generation of professionals
- Connect with emerging talent
- Contribute to local workforce development
- Support student exploration of potential career paths

We seek dedicated community professionals and organizations to help bring these career pathways to life for our students. There are multiple ways you can contribute:

Field Trip Hosting

- Offer students an on-site visit to your workplace
- Provide insights into your industry and professional environment
- Demonstrate real-world applications of academic learning

Career Exposure Seminars

- Speak to students about your career journey
- Share professional experiences and insights
- Discuss educational pathways and industry trends

Short-Term Internship/Shadowing Opportunities

- Provide 1-2 day internship/shadowing experiences
- Allow students to observe and participate in professional activities
- Offer mentorship and practical career guidance

Are you interested in getting involved, or do you know someone who would like to get involved?
Please complete the brief [Google Form linked here](#). Feel free to forward the link to interested individuals.

Together, we can open the door to the future for our students!
