Congratulations Bridgewater-Raritan HS Class of 2026!

The Class of 2026 is full of pride, enthusiasm, and dedication with diverse interests and possibilities. Over the years, many friendships have been formed and memories have been made that will be cherished for a lifetime. Believe it or not, your school has started planning for your senior yearbook as a tribute to everything that makes this class truly exceptional.

Please don't wait! Yearbook photography deadlines for senior portraits will be here before you know it. **Portraits will be taken 7/7 to 8/1 in Building 100, Room 139**

All seniors MUST schedule an appointment online through our reservation system.

Please scan the QR code above or visit <https://tinyurl.com/2msxn2u4>

Note: The session fee collected will be credited to your account and can be used to purchase portrait prints and downloads when your digital proofs arrive.

Reservations fill up quickly, so please book your session today!

Important Information and Tips

Clothes: There are two options provided at your school:

- **Drape:** Looks like an off the shoulder gown or blouse. Requires a strapless shirt, or top with straps that can easily slip over your shoulders to be worn underneath. Please inform your photographer if you prefer that your shoulders are covered, and they will adjust the drape.
- **Tuxedo Jacket, Tie and Shirt:** Requires a white or light/neutral colored undershirt or t-shirt be worn underneath.

Cap and Gown Pose: The gown that BNL provides will cover all clothing so the student can wear the same clothing for all poses. BNL also provides the cap.

Hair: We leave your hair up to you. If you plan a hairstyle change, do so at least a week before your session. Too much gel appears shiny in photographic light, so less is more! We recommend hair products with a matte finish. Extreme hair styles should be discouraged.

Jewelry: A simple necklace and earrings will look great, and don't forget your class ring!

Grooming: Shaving the morning of your portrait is best. Hair, stubble and tan lines cannot be retouched.

Sun Exposure: Avoid excessive exposure to the sun for several days prior to your session.

Complexion: Our digital retouching clears minor blemishes completely. If you have shiny skin, try a light dusting of translucent powder.

Makeup & Nails: Using light makeup that accents the eyes, cheeks and lips is best. Wear a little more mascara than usual. A light layer of foundation helps to blend the skin tone. Bring lipstick and powder for touch-ups. Reflective and extreme makeup styles are discouraged including high gloss lip treatments. Keep in mind that your hands may show in some of your portraits. Hands and fingernails should be neatly groomed.

Smile: A natural and confident smile is always best!
