The Transition Resource Fair focuses on future options for high school students as they and their families plan for their next steps after high school. The event provides an opportunity to meet with representatives of organizations providing services and options for students. The Fair is a free resource event open to the entire community.

The Resource Fair begins with DDS's **DDS 101** presentation for families from 5:00-6:00. The Exhibitor portion of the Fair will begin at 6:00. Light food and beverages will also be available for you.

We respectfully request that you register for the fair so we will be prepared with enough food for everyone, but registration is not mandatory. If you are attending the DDS 101 Presentation, we do require your registration since space is limited.
